

Jano a taste of sunshine

Authentic and Artisan

We are an Italian family run restaurant, delicatessen, online shop and private catering business with a real love for genuine cuisine and high quality artisan products. In fact it's all about the products... we carefully select and import directly from Italy and present the artisans' passion and history to tell their story for you to enjoy.

We sell cured meats and cheeses, olive oil from our own estate, wines, preserves and biscotti. Our pasta is made fresh daily with a choice of sauces to choose from.

All products from our deli can be bought individually, our wines by the bottle and we offer a range of tagliere (cuts from the chopping board) and prepared dishes to take home.
